

THE COMMUNITY ENGAGEMENT INITIATIVE PRESENTS...

Virtually Engaging Stakeholders in Decision Making: COVID-19 Pandemic and Beyond

As many changes, both at the policy and local levels, have occurred during the COVID-19 closures, one thing did not- the critical need to partner with our families, staff, and community to make decisions. The focus of this one-hour session is to share the journey one district has taken to engage stakeholders in decision-making around the LCAP, the COVID-19 Operations Written Report, and other important topics. Participants will be able to reflect on shared learnings and begin to re-imagine a plan for future community engagement and collaborative decision-making.

Arturo Ortega
Interim Deputy Superintendent

Jennifer Edic Bryant
Director, Metrics & LCAP

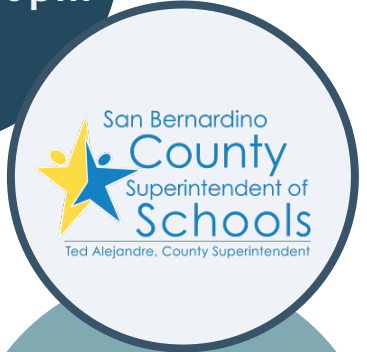

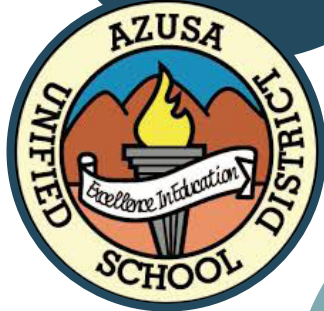

Norma Camacho
Director, English Learner Services & Categorical Programs

Anjelica Juarez
Director, Communications & Community Engagement

June 15, 2020
1:00pm – 2:00pm
