

Community Engagement Initiative
Theory of Action activity

Purpose The purpose of this activity is to begin to generate a vision for what the CEI initiative will accomplish statewide

Directions: Please take a moment to reflect on the various approaches your school uses to engage its community. What are the specific strategies used in that approach? For each of the individuals listed (students, parents/families, school staff) think of what that individual will do, know and feel based on participating in the chosen strategy.
