3.3 The quality and effectiveness of school-to-home communication will be enhanced through weekly and monthly parent meetings that will include topics based on a parent needs assessment survey. Our parent coordinator will work with site Community Liaisons to develop, implement and evaluate a comprehensive Parent Involvement Plan. Parents will have the opportunity to attend various conferences and workshops: C Abe, Strengthening Families, Mental Health Matters, and other workshops based on parents' needs assessments. Workshop and conference topics will include student academic achievement, social-emotional support, parenting, health, and drug awareness. All presentations will be in English and Spanish. Our Community Liaisons and parents will have the opportunity to participate in professional development with the goal of creating meaningful collaboration and empowering leadership skills to better support student achievement. Also, a Director of Communications was hired to ensure our community is aware of student achievement, parent conferences, and events.
